TUNE IN YOUR EARS...AND GIVE YOUR IMAGINATION A WORKOUT!

1932-1950 Eighteen hilarious years of Fred Allen's radio comedy. He began our laughter on October 23, 1932 with the premier episodes of "The Linit Show" sponsored a full hour by Linit Starch. Hellman's Mayonnaise starred Fred in an obscure, briefly aired comedy series "The Salad Bowl Revue". No known ET's are known to have survived the years.

It wasn't until he starred in "The Sal Hepatica Revue" (later re-titled "Town Hall Tonight") that Fred Allen made his mark on American humor. Fred's zenith was attained during the years of broadcasting "The Texaco Star Theater" and "The Fred Allen Show", which ended on June 26, 1949. By 1950, television had secured network and advertising money investment. The primitive video studios, equipment, technicians and cumbersome lights cramped Fred's brand of comedy. His radio programs ended, but his piercing, often accurate criticism of TV began and continued till his unexpected death in 1956.

In appreciation of Fred Allen's comedy, AUDIO ANTIQUES offers a special C-90 cassette showcasing comedy highlights from his best radio shows. A full 90 minutes specially priced at \$6 postpaid. (MAKE CHECKS PAYABLE TO: LAWRENCE RAO)
